

Skeena Resources Limited Announces Approximately C\$125 Million Bought Deal Financing

Vancouver, BC (October 1, 2025) Skeena Resources Limited (TSX: SKE, NYSE: SKE) (“Skeena Gold & Silver”, “Skeena” or the “Company”) has announced today that it has entered into an agreement with a syndicate of underwriters led by BMO Capital Markets (the “**Underwriters**”), pursuant to which the Underwriters have agreed to purchase, on a bought deal basis, 5,210,000 common shares of the Company (the “**Common Shares**”), at a price of C\$24.00 per Common Share for aggregate gross proceeds of approximately C\$125 million (the “**Offering**”). The Company has granted the Underwriters an option, exercisable at the offering price for a period of 30 days following the closing of the Offering, to purchase up to an additional 15% of the Offering to cover over-allotments, if any (the “**Over-Allotment Option**”).

The proceeds raised from the sales of the Common Shares will be used for continued advancement of the Company’s Eskay Creek gold-silver project and for general corporate purposes. As previously disclosed, the Company has continued with certain construction activities at Eskay Creek throughout 2025, while concurrently advancing the project through permitting milestones. While the government permitting process is advancing, an unanticipated delay is now expected as a result of the current BC government employee strike. Negotiations with the Tahltan Central Government regarding the Impact Benefits Agreement are progressing, and while the vote to ratify the agreement was expected to take place in the coming weeks, the ultimate date for that approval remains to be scheduled upon completion of the negotiations. This Offering, together with the Company’s other sources of funding, should ensure sufficient liquidity to complete permitting, which is a condition precedent to access the balance of the US\$750 million financing package with Orion Resource Partners (“Orion”). As of September 30th, the Company has unaudited cash of approximately C\$105 million.

Walter Coles, Executive Chairman of Skeena, commented: “This funding provides flexibility to pursue less expensive financing alternatives compared to the existing undrawn senior secured loan facility and represents approximately 4.5% dilution to the Company’s total market capitalization.”

The Common Shares will be offered by way of a prospectus supplement to the Company’s base shelf prospectus (the “**Base Shelf Prospectus**”) in all of the provinces of Canada, excluding Quebec. The Common Shares will also be offered by way of a U.S. prospectus supplement to the Company’s registration statement on Form F-10 (the “**Registration Statement**”) (including the Base Shelf Prospectus) in the United States. The Offering is expected to close on or about October 8, 2025, and is subject to customary closing conditions, including but not limited to Skeena receiving all necessary regulatory approvals, including the approval of the Toronto Stock Exchange and the Common Shares having been approved for listing on the New York Stock Exchange.

The Base Shelf Prospectus is, and the prospectus supplement will be (within two business days from the date hereof) accessible on Skeena’s issuer profile on SEDAR+ at www.sedarplus.ca. Copies of the Base Shelf Prospectus, Registration Statement and prospectus supplements relating to the Offering, when available, may be obtained upon request in Canada by contacting BMO Nesbitt Burns Inc. Copies of the base shelf prospectus and the prospectus supplement, when available, can be found under the Company’s profile on SEDAR+ at www.sedarplus.ca, and a copy of the

Registration Statement and the prospectus supplement can be found on EDGAR at www.sec.gov. Before investing, prospective investors should read the Base Shelf Prospectus, the prospectus supplements, when available, the Registration Statement and the documents incorporated by reference therein.

This news release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Common Shares in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of that jurisdiction.

About Skeena

Skeena is a leading precious metals developer that is focused on advancing the Eskay Creek Gold-Silver Project – a past producing mine located in the renowned Golden Triangle in British Columbia, Canada. Eskay Creek will be one of the highest-grade and lowest cost open-pit precious metals mines in the world, with substantial silver by-product production that surpasses many primary silver mines. Skeena is committed to sustainable mining practices and maximizing the potential of its mineral resources. In partnership with the Tahltan Nation, Skeena strives to foster positive relationships with Indigenous communities while delivering long-term value and sustainable growth for its stakeholders.
